

We are looking forward to hosting your child's birthday party!
Here are some helpful hints so the big day runs smoother.

Q: What should I do when I arrive for my child's birthday party?

A: You may arrive 15 minutes prior to your child's party time. Let the front desk know that you are here and we will open the party room door for you so you can unload right into the room.

Q: Can I bring my own food and drinks?

A: Yes, you may bring all your own food and drinks EXCEPT for pizza. Pizza is the one thing you must order from the clubhouse if you want to serve pizza. Our pizzas are \$12 for a 1 topping pizza and \$15 for a combo. We get our pizzas from local pizzerias.

Q: What is the structure for the party?

A: In Build Your Own and Super Duper parties, kids play for the first 45 minutes then we call them into the room to eat and drink. Your room is open for the entire 2 hours. After they eat, they can play for 10-15 minutes while we clean up. We will call them back into the room for games, coloring and cake.

For theme parties, the play time at the beginning is shortened to 30 minutes so we have more time for all the fun stuff!

Q: Do I get a host with my mini party?

A: No, there is not a host assigned to your party. However, if we are not busy, the employees may help you.

Q: What happens when my party is over?

A: You will have approximately 10 minutes to clean up and leave your party room. You may stay in the open play area as long as you would like.

Q: What is the extra cost for a second room and why would I want a second room?

A: A second room costs an additional \$125. If you are going to have more than 24 kids at your party or more than 20 adults, you will need a second room.

Q: What if my guests do not bring socks?

A: Kids and adults are required to wear socks. You can bring socks from home for your guests or we can provide socks for \$2 per pair.

Q: What if I end up with more than 15 kids?

A: Your birthday child is FREE plus kids under 1 and over 10 are also FREE. If you do go over 15 kids, you will be charged \$8 per child for a BYO, \$10 for a SD and \$13 for a Theme party.

Q: What about siblings?

A: Siblings will be counted. However, if you do not want siblings included in your guest count, you can do a couple of things. You can let your guests know that they can pay \$6 for siblings to play in the open play area OR you can pay \$6 for siblings to play in the open play area. The siblings will not be included in the party festivities.

Q: When do I pay for my party?

A: When your party is over, we will give you an invoice for the balance of your party. Your deposit will be subtracted from the total.
